EXPERIENCE

PMO

NTT DATA | Dec 2025 - Feb 2026 (Contract Role)

- Managed end-to-end delivery of **Edge solution projects** in collaboration with IT and Sales teams.
- Led a team of **20 members**, ensuring timely execution and service delivery.
- Acted as a **bridge between technical and business stakeholders** for smooth project coordination.
- Tracked project progress, prepared **MIS reports and dashboards**, and ensured SLA adherence.
- Identified risks and supported **pre-sales and client coordination** activities.

Project Manager

NAV IT Consulting | Jun 2025 – Dec 2025 (Contract Role)

- Led AI-driven and Microsoft Power Platform initiatives, including the MFO Power Application Project aimed at process automation and SAP HANA integration
- Managed end-of-the-end project delivery encompassing planning, budgeting, stakeholder coordination, UAT, and final deployment
- Ensured timely execution and high stakeholder satisfaction through structured project governance and agile delivery practices
- Skilled in SAP Implementation with hands-on experience in integrating SAP HANA with custom applications
- Applied Test-Driven Development (TDD) methodologies to enhance code reliability and maintainability
- Effectively managed cross-functional teams across business, technical, and QA domains to drive collaborative success

Project Manager

Efficient INDIA, Delhi | Aug 2024 – Jun 2025

- Led a team of 20+ professionals across software and electronics
- Managed full-cycle ERP implementations, upgrades, and cloud deployments (AWS, Azure, GCP)
- Integrated ERP with third-party systems via SAP PI/PO, MuleSoft, REST/SOAP APIs
- Delivered projects using Agile methodologies (Scrum, Kanban, SAFe)
- Maintained stakeholder relationships with regular updates, reports, and governance mechanisms

Manager

DEV IT SERV PVT. LTD., Gurugram | Sep 2023 – Aug 2024

- Managed SAP and IT projects with a 20-member Agile team
- Defined sprint goals, product backlogs, and acceptance criteria
- Led DevOps and ITSM pipeline optimization
- Identified scalable technologies for digital transformation

Project Manager – PMO

India HIV/AIDS Alliance | Jul 2022 – Sep 2023

- Planned and deployed SAP ERP modules (Finance, Procurement, Inventory) in alignment with WHO standards
- Collaborated with WHO consultants and state partners for program-specific ERP workflows
- Conducted gap analysis, managed UAT, and rolled out dashboards for donor reporting
- Implemented ART supply tracking and streamlined financial disbursements

Impact:

- Enabled faster, transparent reporting to WHO and NACO
- Improved procurement efficiency by 30%
- Achieved full digital transition of ART stock and financial disbursements

Project Manager – IT

Supreme Co-Work, Noida | Jul 2020 – Jul 2022

- Delivered projects for website development, IoT (Raspberry Pi, MQTT), and SAP Ariba integration
- Coordinated with hardware, software, and procurement teams to ensure aligned deliverables
- Used Jira, Asana, and MS Project for tracking milestones
- Ensured compliance with quality, security, and timeline goals

ACHIEVEMENTS

ICAR Robotics Track Sprayer – Project Lead

- Designed and built a remote-controlled sprayer for agriculture
- Integrated AI-based vision for identifying and spraying crops
- Reduced chemical waste and improved precision spraying

PROJECT

MFO – SAP-Integrated Gate Processing App (Orion)

- Led the implementation of Orion, a gate processing and logistics automation app integrated with SAP.
- Managed end-to-end delivery including requirement gathering, coordination with developers, UAT, and deployment.

Eastman – SAP Finance Module Migration

- Oversaw migration of legacy finance systems to SAP, ensuring accurate data transfer and process continuity.
- Coordinated testing, validation, and cross-functional collaboration during the transition phase.
- Coordinated SAP FICO activities closely with Finance and Controlling stakeholders throughout the project lifecycle.
- Facilitated requirement-gathering workshops covering GL structure, AP/AR processes, Asset Accounting, Tax calculations, and Cost Center/Profit Center mapping.
- Oversaw FICO functional deliverables including configuration tracking, financial posting validations, and integration testing with MM, SD, PP, and HR modules.

LANXESS – SAP BN4L Rollout & EWM/TM Support

- Managed rollout of SAP BN4L and provided technical-functional support for existing EWM and TM modules.
- Supervised testing, user enablement, and post-go-live stabilization for smooth operational integration.
